FOLSOM CITY CORPORATION YARD LANDFILL, SACRAMENTO COUNTY FACILITY NO. 34-AC-0001 CLEAN CLOSURE VERIFICATION REPORT ACCEPTANCE

Dear Mr. Sadler:

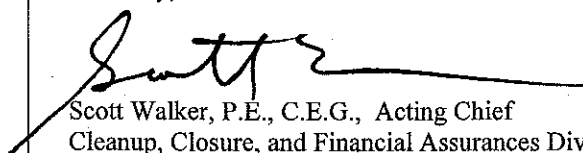

California Integrated Waste Management Board (CIWMB) Closure and Technical Support (Closure) staff have reviewed the Clean Closure Certification Report (Report) and associated documents dated November 2009.

Based on its review, Closure staff accepts the Report and concurs that the Report meets the requirements of Title 27, California Code of Regulations (27.CCR), Section 21810(e). The acceptance of this document is an acknowledgement that a California Professional Engineer, contracted by the City of Folsom, has monitored the clean closure and verified that the actions have been conducted to the specifications of the approved clean closure plan and that the waste and residual contaminated soils have been removed.

Once all postclosure maintenance activities have been completed pursuant to 27 CCR 21810(e)(1), the landfill will be considered clean closed.

Should you have any questions or comments regarding the above matter, please contact Frank Davies or Michael Wochnick of my staff at (916) 341-6721 or (916) 341-6318, respectively.

Sincerely,
