SAVE Water Outdoors!

- ◆ Adjust your watering schedule as the weather changes.
- ◆ Stop runoff. If you see runoff, shorten your watering cycles.
- ◆ Check your irrigation system for leaks and misdirected sprinkler heads.
- ◆ Plant low-water use trees and plants in your yard.
- ◆ Replace or reduce lawn areas with low-water use plants.

Schedule a FREE Water Wise House Call with City water conservation experts.
Call (916) 355-7252.
