

# Please Note: Your Monthly Wastewater Treatment Rate Is Changing

In March 2014, the Sacramento Regional County Sanitation District (Regional San) Board of Directors held a public hearing and approved a three-year rate plan with increases of \$3 per month in 2014, 2015, and 2016. These funds are required to comply with the **State-mandated wastewater discharge permit** requiring the construction of significant new advanced treatment facilities (EchoWater Project) at Regional San's wastewater treatment plant. This year's \$3 per month increase is effective July 1, 2016. For more information on the EchoWater Project and Regional San, visit [www.RegionalSan.com](http://www.RegionalSan.com).

Current Monthly Rate	Monthly Rate Effective July 1, 2016
\$32.00	\$35.00

#2049

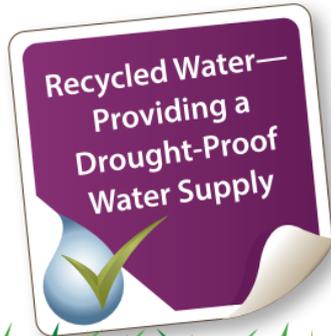

*Regional San provides wastewater conveyance and treatment service to residential, industrial, and commercial customers throughout unincorporated Sacramento County and the cities of Citrus Heights, Elk Grove, Folsom, Rancho Cordova, Sacramento, and West Sacramento. Please note that some customers are billed two months at a time.*

# WANT TO KEEP YOUR LANDSCAPE GREEN ALL SUMMER?

Sacramento Regional County Sanitation District offers residential and commercial customers the opportunity to fill containers with free recycled water at the Recycled Water Fill Station located at the Sacramento Regional Wastewater Treatment Plant in Elk Grove. This environmentally responsible and safe recycled water can be used for watering lawns, gardens, and landscaping, as well as for dust control or other permitted uses.

Users must be in Regional San's service area and must complete an application and a short training session to obtain a permit for the use of the recycled water.

For more information or to apply, visit [www.regionalsan.com/recycled-water-fill-station](http://www.regionalsan.com/recycled-water-fill-station) or call (916) 876-FILL.
