

Need to safely dispose of mercury?

Folsom's Household Hazardous Waste Program will accept mercury-containing items, such as compact fluorescent lights (CFLs) and silver mercury thermometers. Proper disposal of these items will help protect our waterways and the environment.

Many retailers will now accept used CFLs. Ask your local home improvement center.

be 
mercury free

*A Regional Partnership for
Mercury Pollution Reduction*

Dispose of mercury-containing items and chemicals through Folsom's Household Hazardous Waste (HHW) Program.

Free Pick-up Service

for an appointment.

*For more information on Regional San's mercury outreach, visit **www.bemercuryfree.net** or call **(916) 875-6644**.*

Storing leftover pesticides?

Clean out leftover pesticides (such as those containing Chlorpyrifos, Diazinon, Lindane or Pyrethroids) or other chemicals by safely disposing of them through Folsom's Household Hazardous Waste program. Proper disposal of these chemicals will help protect our waterways and the environment.
