- A neighborhood block party is intended to provide neighbors a unique opportunity to gather and create a network of friends. Neighborhood block parties are intended for residents only, not the general public and no more than four (4) block party permits per calendar year will be issued for the area or address range. If your neighborhood block party is open to the general public, is being advertised outside the affected area or involves major street closures, you will need to submit a Special Event Application.
- A Block Party Permit Application and non-refundable \$60 permit processing fee is required at the time the application is submitted to the City of Folsom. Applications may be submitted a maximum of three (3) months in advance and **must** be made a minimum of 15 calendar days in advance. NOTE: Applications will not be accepted fewer than fifteen (15) calendar days prior to the proposed neighborhood block party date.
- A detailed street closure plan that shows the location of barricades, as well as all other objects (tables, chairs, or other structures) associated with the block party is required at the time the application is submitted.
- A petition signed by all residents on the street who will be affected by the street closure is required at the time the application is submitted. *The petition shall include the date and time of the street closure, as well as, the names, addresses and signatures of all affected residents and must be attached to the application at the time of filing.*
- It is the responsibility of the applicant to provide 72-hour written notice in advance of the block party to all residents who will be affected by the street closure. All residents should be made aware of the date and time of the event and the impact of the event on parking and street access.
- Application for the closure of public/private streets for the purposes of a block party may be considered if they meet the following criteria:
  - a. Street is a cul-de-sac, dead-end, or circular street, or the section being closed is less than 500 feet in length (except under special circumstances) and is intersected by two other residential streets;
  - b. Posted speed limit does not exceed 25 MPH;
  - c. Street is considered a residential street;

  - Street must remain accessible to all emergency equipment; a 20-foot wide lane must be kept clear for emergency vehicle access at all times.
  - A minimum of two street barricades (Type I or II with reflectorized material) with “Road Closed” signs shall be placed on each end of the closure, with the sign facing oncoming traffic, and the barricades centered in each vehicular lane.

- If the street will be closed during the hours between Dusk and Dawn, then each barricade shall include battery-powered flashing beacons, which shall be activated during that period.
- Permit applicant is responsible for obtaining barricades and ensuring that they are placed properly and maintained throughout the event duration. The possession, use or discharge of illegal fireworks within the event area is prohibited and may

result in criminal charges being filed against the responsible party, and the immediate revocation of the permit.

- The permit shall be kept on site at all times during the event and shall be made available for review to any representative from the City upon demand.
- Street closures shall be allowed only until 10:00 PM on Sunday through Thursday and until 12:00 PM on Friday and Saturday. The closure shall be removed sooner if so specified on the permit.

- Amplified sound use shall conform to the noise control provisions of Folsom Municipal Code Chapter 8.42. - Applicant shall protect, defend, and indemnify and save and hold harmless the City, its, officers, employees and agents, from all suits, actions, damages or claims to which the City may be subjected of any kind or nature whatsoever resulting from, caused by, arising out of or as a consequence of such block party and temporary street closure and the activities permitted in connection therewith.
