

ADDENDUM NO. 1  
CITY OF FOLSOM  
WATER TREATMENT PLANT  
PRETREATMENT SYSTEM IMPROVEMENT PROJECT

ISSUED BY  
THE CITY OF FOLSOM  
ENVIRONMENTAL & WATER RESOURCES DEPARTMENT

---

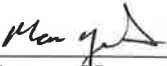

This addendum shall be considered part of the Improvement Plans and Specifications for the City of Folsom Water Treatment Plant Pretreatment System Improvement Project.

**General Comments:**

1. Sheet S-07 of the original bid set of improvement plans was unstamped and labeled ad 'not for construction'. The correct, signed plan sheet has been uploaded to the City of Folsom website as well as CIPList.com.
2. Special Provision SP-6 originally stated the time of completion for the project would be 365 days from the Notice to Proceed. Due to the project schedule and the Water Treatment Plant construction constraints, the time of completion for the project has been changed to **500** days.

The changes detailed in this Addendum No. 1, issued by the City of Folsom Environmental & Water Resources Department.

Date: 9/15/2020
